I sleep the day away
Giving you all I can
Ready to reach new lows
Dying to wash my hand

You're the one, you're the one
That froze the sun
Say you love me as you pull the trigger
Better today rather than tomorrow

Heaven is in the air
Hiding behind your blinds
Heaven is right out there
Leaving me here behind

You're the one, you're the one
That froze the sun
Say you love me as you pull the trigger
Better today rather than tomorrow

The one, you're the one
That froze the sun
Say you love me as you pull the trigger
Better today rather than tomorrow

You
You should enjoy the weather
Soon
You'll burn with what you've done

You'll hurt no one
You'll hurt no one
You'll hurt no one

I sleep the day away
Giving you all I can
Ready to reach new lows
Dying to wash my hand

You're the one, you're the one
That froze the sun

Say you love me as you pull the trigger
Better today rather than tomorrow

The one, you're the one
That froze the sun
Say you love me as you pull the trigger
Better today rather than tomorrow
