to make they shit nigga look like nothing, what

mothafuckers mad cause we always make something
to make they shit nigga look like nothing, it's nothing

(*Sound of police Sireens*)

[Verse 2: Bigg Rocc]

I come through reppin' while niggaz be half steppin'
choose my weapon, let loose in your section
fake-Ass, home niggas shot the next man
I'ma buy my own cheese, smokin' in the cali' grease
why nigga, do or die, my niggas
full of Alcohol, ready to pull the big triggers
high Powered, street kings, reigned by killers
Gangbangers, horny-Ass-Cop, dope dealers
prostitutes, horny-Ass-mayers wanna be back players
spend your paper, beware of the kill
deal or get dealt with, I'm not the nigga to cross
sluts do applause
to peel to the mothafucker, kill that mothafucker
be real to the mothafucker, so chill mothafuckers
but shit gets start you can't heal mothafucker
it's over life like payin' bills mothafucker.....

[Chorus: MC Ren]

we the shit nigga don't need nothing
John Doe comin' through, fool we dumping
mothafuckers mad cause we always make something
to make they shit nigga look like nothing, what

we the shit don't nigga need nothing
John Doe comin' through, fool we dumping
mothafuckers mad cause we always make something
to make they shit nigga look like nothing, it's nothing
