It's the truth,  
If you told me last year I'd be laid up like this, men  
I would have never believed you  
Things are a lot different

Seems like it was just a year ago  
I was talking sleek about girls  
About the little things they do to just piss me off,  
Oh ya  
I was better off alone

I became numb and insensitive  
Started being bitter and cold  
Tuning in and listening to pimps on the radio, and all  
Started making sense to me

And that's when I met my lady  
Woman came and changed the game  
Happy that I found my lady  
And my life would never be the same, oh ya

Wasn't even looking to fall in love  
Was the last thing on my mind  
Didn't see it coming till it already had me down  
Struck me blind

I was on the verge of being through with the pain  
Didn't see a reason to try  
Couldn't understand what all these fools kept singing  
about  
Till I became one of them

And I became your lady  
Everything started to change  
Happy I became your lady  
Life can never be the same

That's when I met my lady, lady  
(I'm so proud to be your lady)  
And I've changed the way I think of things  
(I became your lady)  
Happy I became your lady

(Happy that I found  
Happy that I found)  
Nothing in the world (my baby)  
Can change the way I feel about you baby  
Feel so good baby  
Don't you ever go away
