(Cindy Richardson-Walker/Jennifer Kimball)

I saw an old friend of our today
She asked about you and I didn't quite know what to
say
Heard you've been makin' the rounds round here
While I've been tryin' to make the tears disappear

Now I'm almost over you
I've almost shook these blues
So when you come back around
After painting the town you'll see
That I'm almost over you

You're such a sly one with your cold, cold heart
For you leavin' come easy but it tore me apart
Time heals all wounds they say and I should know
'Cause it seems like forever but I'm lettin' you go

Now I'm almost over you
I've almost shook these blues
So when you come back around
After painting the town you'll see
That I'm almost over you

I can forgive you and soon I'll forget all my shattered
dreams
You took the love that you wanted and left me the
misery

Now I'm almost over you
I've almost shook these blues
So when you come back around
After painting the town you'll see
That I'm almost over you
