(Pebe Sebert/Anna Lisa Graham)

I'm half a woman, with half a heart
And half a mind when we're apart
But when you're here with me
I'm complete
My heart had been so uninspired
Love left a lot to be desired
But when you're here with me I'm complete

You're the half that makes me whole
The missing piece, my second soul
Your love fills all my needs
Baby when I'm with you, can't you see
I catch my breath, I lose my cool
I watch my heart break every rule
But when you're here with me I'm complete

You're the half that makes me whole
The missing piece, my second soul
Your love fills all my needs
Baby when I'm with you, can't you see
I catch my breath, I lose my cool
I watch my heart break every rule
But when you're here with me I'm complete

I'm satisfied, I'm so content
Now my world makes perfect sense
When you're here with me
I'm complete
I'm complete
