(Dennis Matosky/Tim Nichols/Darrell Brown)

On the day that God said let there be light
He said let there be love, He thought of you and I
All was put in motion, the mountains rose
The stars were set, still waters moved
With so much foundation behind us
Destiny proves we got a mighty, mighty love

I feel it when we're touchin'
A power starts rushin'
Yeah this is somethin'
It's been a long time comin'
Oh baby what we have here
Is a future with no fear
The horizon is so clear
The universe demands
Together we stand
On this mighty, mighty love

I knew I would find you, some sweet day
You'd step into my life and everything would change
It started with a look that became a smile
Turned into a kiss, now here we are
Well there is no question in heaven
No doubt here on Earth, we got a mighty, mighty love

I feel it when we're touchin'
A power starts rushin'
Yeah this is somethin'
It's been a long time comin'
Oh baby what we have here
Is a future with no fear
The horizon is so clear
The universe demands
Together we stand
On this mighty, mighty love

We can stare right into the face of
Whatever comes (whatever comes)
But we'll rise above it all

With this mighty, mighty
We got a mighty, mighty love

I feel it when we're touchin'
A power starts rushin'
Yeah this is somethin'
It's been a long time comin'
Oh baby what we have here
Is a future with no fear
The horizon is so clear
The universe demands
Together we stand
On this mighty, mighty love

We got a mighty, mighty love
