Another night, another dream, but always you

It's like a vision of love that seems to be true

Another night, another day, but always you

In the night I dream of love so true

Just another night, another vision of love

You feel joy, you feel pain, 'cause nothing will be the same

Just another night, it's all that it takes to understand

The difference between lovers and fakes

So baby, I talk, talk, I talk to you

In the night, in your dreams of love so true

I talk, talk, I talk to you

In the night, in your dreams of love so true

In the night, in my dreams, I'm in love with you

'Cause you talk to me like lovers do

I feel joy, I feel pain, 'cause it's still the same

When the night is gone I'll be alone

Another night, another dream, but always you

It's like a vision of love that seems to be true

Another night, another dream, but always you

In the night I dream of love so true

Just another night, another dream, another vision of  
love

With me, I'm here to set you free

I am your lover, your brother, hey sister let me cover

Your body with my love, as with my love in just another

Vision of love that seems to be true

Oh we do all the things that only lovers do

Vision of love that seems to be true

Oh we do all the things that only lovers do

In the night, in my dreams, I'm in love with you

'Cause you talk to me like lovers do

I feel joy, I feel pain, 'cause it's still the same

When the night is gone I'll be alone

Another night, another dream, but always you

It's like a vision of love that seems to be true

Another night, another dream, but always you

In the night I dream of love so true

I talk, talk, I talk to you

In the night, in your dreams of love so true

I talk, talk, I talk to you

In the night, in your dreams of love so true

In the night, in my dreams, I'm in love with you

'Cause you talk to me like lovers do

I feel joy, I feel pain, 'cause it's still the same

When the night is gone I'll be alone

Another night, another dream, but always you

It's like a vision of love that seems to be true

Another night, another dream, but always you

In the night I dream of love so true
