Well it's Friday evenin' six o'clock
And all my friends are twistin' off
I'm at the house just turnin' on T.V.
And they all wonder why I've changed
How many times must I explain
It's basic honky tonk anatomy

The drinkin' bone's connected to the party bone
The party bone's connected to the stayin' out all night
long
And she won't think it's funny
And I'll wind up all alone
And the lonely bone's connected to the drinkin' bone

Hey two plus two is always four
And down is south and up is north
And thirty-two degrees is freezing cold
You play with fire you wind up burned
The early-bird gets the worm
But the only thing you really need to know
Is...

The drinkin' bone is connected to the party bone

The party bone's connected to the stayin' out all night
long
And she won't think it's funny
And I'll wind up all alone
And the lonely bone's connected to the drinkin' bone

Yeah, now sing it with me
Let's make sure you know....

The drinkin' bone's connected to the party bone
The party bone's connected to he stayin' out all night
long
And she won't think it's funny
And I'll wind up all alone
And the lonely bone's connected to the....

The drinkin' bone's connected to the party bone
The party bone's connected to the stayin' out all night

long
And she won't think it's funny
And I'll wind up all alone
And the lonely bone's connected to the drinkin' bone
