The kind of love that I've been looking for  
I'm not sure they make it anymore  
It's easy to fall for a pretty smile  
It works real good for a while  
Til the new wears off  
And it starts to fall apart  
I?  
Want a well-made, out-of-style  
Good ol' fashioned love  
The kind that stays together  
When the going gets too tough  
I don't want a new love  
They just don't last long enough  
I want a well-made, out-of-style  
Good ol' fashioned love  
I know it's a rare thing now to find

But I just don't want any other kind  
A love like that's worth the sacrifice  
If the heart's been broken  
I can fix it up  
All I need is someone like me  
Who?  
Wants a well-made, out-of-style  
Good ol' fashioned love  
The kind that stays together  
When the going gets too tough  
I don't want a new love  
They just don't last long enough  
I want a well-made, out-of-style  
Good ol' fashioned love  
I want a well-made, out-of-style  
Good ol' fashioned love
