"Shut Up - Kiss Me"

I was caught by your smile, under a blushing moon
You were the only one left there
Words poured like wine, over an open wound
You were the only one left there
With sky born blue - grey eyes
Sky born blue - grey eyes
Pale light falls, over a broken bed
You were the only one left there
Cold hands in mine, lips - bruised and black
You were the only one left there
With sky born blue - grey eyes
Sky born blue - grey eyes
Shut up and kiss me now, kiss me now, kiss me now
I have been patient but patience is gone
Shut up and kiss me now, kiss me now, kiss me now
All of my visions just blurred into one
Just shut up, just shut up, just shut up and kiss me now
The cool of the night fell on us like a ghost
You were the only one left there
I wept as a child, wept for the life i'd lost
You were the only one left there
With sky born blue - grey eyes
Sky born blue - grey eyes
