Are you lonely for me?
Sunday night, two weeks past
The last time, I saw your face
Our separate ways, we decided to go
Now I find my self
Sitting down, thinking 'bout everything
To this place, we've come to how?
You used to be down
Memories of you
And could you be thinking 'bout me right now?

1 - Are you lonely for me?
(Are you lonely for me?)
You shouldn't try to hide the way you feel inside
Are you lonely for me?
(Are you lonely for me?)
Just let me make it right, and stay with me tonight
Are you lonely for me?
(Are you lonely for me?)
I won't believe we're through
Tell me what you wanna do
Are you lonely for me?
(Are you lonely for me?)
Hey
There's a good in your eye
That's a lie, I wish we could back when we first met
How to forgive and forget
I wish that I could have you right here next to me
You're supposed to be in my arms
Through stormy weather safe from harm
Can we be down?
Show me how, I wish I could hear from you right now

Repeat 1

Lay it on the line
I won't waste your time
We can make it work
I know we'll be fine
Together we can start
Never be apart again

Are you lonely?

Repeat 1 till end
