If you wanna sing
Then sing
If you wanna run
Run away
It's all right to speak
Just watch what you say
Don't let the words
Get in your way

To achieve
All you've got to do is just believe
Come whatever, come what may, sing

Chorus:
I can't let my dreams slip away
I won't let my heart break
It doesn't matter what it takes
I'm reaching for my goal
I'm going on

If you're on the team
Come to play
Be the one
That sets the pace
Follow your dreams
Dream away
And your life
Will never be the same

To achieve
All you've got to do is just believe
Come whatever, come what may

Chorus 2x

Vamp:
With every passing day
Until I'm old and gray
I'm gonna do my thing
No matter what my so called friends might say
They can't put out my fire

I've got too much desire
I'm reaching for my goal

Can you help me, can you help me sing
