Whats up girl?
I need to talk to you for a minute
I cant keep playing myself like this
Theres only one thing I wanna know
Should I stay or should I go?

It's not my fault that you make yourself regret the past
But all I know is, it makes me look bad
When Im holding your hand and you see your friends
you know
And they walk away laughing
Calling me a fool

(But baby I cant) change the things you did before we
met
Even though I didnt know you
(Its hard for me to) trust you even more girl, I love you
So tell me what am I to do, yeah

1 - Dont know if we will last
Nothing we do can erase the past
Now can you tell me, I dont know
Should I stay or let it go?
Dont know if were meant to be
And if we should be committed faithfully
But can you tell me, I dont know
Should I stay or let it go?

I think of the night that I made reservations just for two
But you gave your attention to someone across the
room
I should have known right then that things werent right
But I couldnt see it cause love had me so blind

(Tell me how can) I be so secure in loving you
When everybodys calling me a fool
(I cant keep holding) on to broken promises from you
And I cant take no more from you, yeah

Repeat 1

Baby time and time again
I try to overlook the pain
And I think of losing all we had together
Girl if it takes me losing you
For happiness in me
I think that I might just have to let you go, oh

Why you playing those games huh?
I dont see how youll do it when I walk out the door

Repeat 1 till end

Should I stay, or should I go?
