I remember the way you used to  
Touch me all time  
I told you how I was  
The luckiest man alive  
And now I hear you showin' off  
Your new boy, frontin'  
Like everything's all right  
I'll be damned if I let you know  
That I still  
Find it hard to sleep at night

1 - Outside I'm smiling  
Inside I'm crying  
I just keep denying  
Till I get over you

Repeat 1

Endless times I stayed up  
All night, waiting for you to call  
Lying to myself  
'Cause, you aren't thinking 'bout me at all  
My eyes are holding back the tears  
My pride won't let you see me act a fool  
Cuz I'll be damned if I let you know  
That I still feel something for you

Repeat 1

Repeat 1

Can't forget the way we touched  
(Every day, every night, baby)  
And the way we used to make love  
(I still remember how it feels)  
Baby, but now it's over and you're gone  
(I've got to say goodbye)  
Because I know, I can't go on without you

Repeat 1 until fade
