What ravages of spirit conjured this temptuous rage
Created you a monster, broken by the rules of love
And fate has led you through it, you do what you have
to do
Oh, and fate has led you through it, you do what you
have to do

But I have the sense to recognize
That I don't know how to let you go

Every moment marked with apparitions of your soul
I'm everswiftly moving, trying to escape this desire
The yearning to be near you, I do what I have to do
Oh, the yearning to be near you, I do what I have to do

But I have a sense to recognize
That I don't know how to let you go
And I don't know how to let you go

Glowing ember, burning hot and burning slow
Deep within, I'm shaken by the violence of existing for
only you
I know I can't be with you, I do what I have to do
Oh, I know I can't be with you, I do what I have to do

But I have a sense to recognize
But I don't know how to let you go
Don't know how to let you go
Don't know how to let you go

I don't know how
To let you go
