She knows every move that a man could make
She knows every trick in the book
She knows how to give, she knows how to take
'Cause so many times she's been taken and fooled

By those alibis and lying eyes
And all the best lines
Lord knows she's heard them all

And she's been cheated on
And pushed around and left alone
Lord knows what I've put her through
Boy you can bet, if a move can be made
She knows how to make one on you

She once thought that love wasn't just a game
Her feeling's once came from the heart
One day I gave her a wedding ring
And one night I tore all those feelings apart

With my alibis and lying eyes
And all the best lines
Lord knows she's heard them all

She's been cheated on
And pushed around and left alone
Lord knows what I've put her through
Boy you can bet, if a move can be made
She knows how to make her own

Alibis and lying eyes
And all the best lines
Lord knows she's heard them all

She's been cheated on
And pushed around and left alone
Lord knows what I've put her through
And boy you can bet, if a move can be made
She knows how to make one on you
