Lately she's been picking fights, dropping hints and
just last night
I caught a tear as she slipped off to sleep
She's not here but she's not gone, I guess she must be
waitin' on
The kind of man I promised her I'd be

As any fool can see
She's gonna cross that line, she's got leaving on her
mind
And it's too late but what keeps killing me
Is knowing I've been blind as any fool can see

How long did I think she'd stand for me to be the kind
of man
That came and went just as I dang well pleased
While she sits at home alone with thoughts and
feeling's of her own
Lord knows goodbye would bring me to my knees

As any fool can see
She's gonna cross that line, she's got leaving on her
mind
And it's too late but what keeps killing me
Is knowing I've been blind as any fool can see

She's gonna cross that line, she's got leaving on her
mind
And it's too late but what keeps killing me
Is knowing I've been blind as any fool can see

She's gonna cross that line, she's got leaving on her
mind
And it's too late but what keeps killing me
Is knowing I've been blind as any fool can see
