I may not have a whole lot of money  
But I got enough girl for you and me  
I'm takin' off won't you come with me honey  
Gonna take you all the way to Paris, Tennessee

I wanna show you the Riviera  
Got good tires and a good CB  
Put on some lipstick your mascara  
'Cause we're goin' all the way to Paris, Tennessee

Baby I adore you  
And don't say I've never  
Done nothin' for you  
Girl, that just ain't true

Here we go

Baby I adore you  
And don't say I've never  
Done nothin' for you  
Girl, that just ain't true

We might not see no Eiffel Tower  
But I got a cousin that I want you to meet  
He can pick the wild wood flower  
Better than anybody down in Paris, Tennessee  
We're goin' all the way to Paris, Tennessee

Oh, la-la, baby  
Vous le vous  
Barbecue
