I remember what you said that day
Be careful what you wish for baby
Cos' it's a crazy world outside
But you've always got a place to hide
Chorus:
You've shown me things that I'd never seen
Gave me something that I can believe
All the love you give, it's a healing thing
And I thank you
For the common ground that you shared with me
For the higher ground, the way you lifted me
Now I come to you and you comfort me
And I thank you
I, I, I, thank you
I, I, I, I, thank you
I, I, I, thank you
I, I, I, I, thank you

There are chances that I had to take
And mistakes that I just had to make
California dreams don't all come true
But I could always count on you
[Chorus]
I remember what you said that day
You've always known just what to say
I was blind, but now I see
Thank you for forgiving me
Ohhhhhh, YEAH....
[Chorus]
I, I, I thank you... Thank You (fade out)
