I wanna know do you love me?

Tell me do you care?

Will you let me hold you baby?

Take you anywhere?

Tell me, will you let me be, let me be your friend?

Will you let me hold you?

Until then, yeah, don't you know baby

That the truth is the lie?

Ask yourself, dear, if you're doing me right

Cause I wanna love you

Oh but not just to let you sit, sit and hold my hand

Baby, just hold my hand

Now I wanna love you, oh but not just to let you sit

Sit and hold my hand, baby just hold my hand

When I first met you, we took a long long walk

While we were walkin baby, we had a long long talk

I told you how I wanted you, and all the things I'd do

If you'd only prove that you loved me too

Yeah, I wanna tell you how it thrills, a how it thrills me

To call your name

If we don't make it, you've got yourself to blame

Cause I'm gonna love you, oh but not just to let you sit

Sit and hold my hand

Sit and hold my hand

Sit and hold my hand
