[Tech N9ne]

Aint no way you bout to stop this sickness  
From the deepest darkest part of Missouri  
Psycho alpha skitzo get ya chest, ya diggin me  
A-B-S-O-L-U-T-E P-O-W-E-R see me clownin  
Look at all you playa hatas frownin  
Raw, God said kill 'em all, Tech's backs to the wall  
Fightin for my life and I'ma bust back 'til they fall  
And I ain;t even slingin them thangs  
I'm hollerin ONE-EIGHT-SEVEN if you trippin wit Strange  
I'm really real wit it, like my homie AJ say deal wit it  
Pushin and pullin fightin for the meal ticket  
In a minute I'ma do it like a villian  
I'ma get 'em in the middle of a bomb  
Put 'em on the spot  
Till the funk go pop and they'll never have other calm  
Tech Nizzle, when I'm fizzle this who be you  
Rollin wit Dave Trap, Violet Brown, and 3DQ, hootie hoo  
For those not knowin Missouli true  
I'ma tell you like the Swedish would say it, "Sig Min  
Kuk"

How many point you got, I got 50  
Heres a question to the Cencorship Committee  
Whos the biggest gang of niggas in the city?  
My villians are gritty  
Big Scoob, Texas, Will, Bakari, rest in piece Short Nitty  
Growl wit the evil ways, power what the people say  
Rebel yellin we're felons and my pockets are swellin  
This beats from Berlin Germany  
Throwin up Mizzlzzy so aint no other city concernin me  
I teach it and I speak very loosly  
Stamina gunnin got playa hatas runnin profusely  
Now I got the parents pissed and ready to noose me  
Cause they know that Absolute Power corrupts,
