And God said let us make man in our image (Tech)
According to our likeness (N9ne)
Let them have dominion over the fish of the sea
over birds of the air, over the cattle, and over all the
earth

[Tech N9ne]

Projected image across my soul saying can't (Die)
Many death situations but that ain't (Why)
I got the spirit of an angel mixed with demoniac ways
of livin
So this means I'll beat the evil out of a non-believer
until praise is given
(But I know)
Torcher is evil though it says in the (Bible)
You got to be righteous spirited for the (Arrival)
I'm righteous and wicked but I wonder (Can I go)
If there's a heaven but on earth it's (Survival)
Connected with angels but to demons (I'm vital)
Approachin with hate oh yes it's (Homocidal)
Like denouncing Selena at (Cinco de Mayo)
Certain death (Oh no) Oh no

I'm on the road to heaven and hell
Don't even bother me ever since eleven and twelve
I've been that prodigy though life has never been swell
Somewhere there's gotta be where a good samaratin
prevails
But they get straight sodomy
So I learned the ways of man
Grands
Fillin my pants
Gun in my hand
For the demons on the land
On the other hand I really am
An-ghellic
I ain't got to stress if you can't tell it
Look into my eyes
No surprise
I'm half cupid half relic (Cha cha)
He who treads the path of the best is also he who sins

are repentable
But if you ever, ever ever ever hurt a God then we gotta
do away with the
genitals
Don't ever do somethin you'll regret
Do away with all these goody goody law abiding
mothafuckas and let there be
Tech nigga

[Hook 1]
If anybody say "Fuck me"
Everybody say "Fuck you"
Cause they know my shit's pure
Soul serving and plus true
If anybody say "Fuck me"
Everybody say "Fuck you"
Odd one Tech got that God Complex

[Hook 2] - 2x
Get on your knees and pray
If you step in our way
Cause we spray til they decay
The ones who hate everyday
But how long? (Must we flash and pop)
How long? (Must we show demons we can't be stopped)

[Tech N9ne]

Your rappers license expired
Leavin nothin to be desired
Oh God Bless this particular rapper in K.C

If I offended you in any way (Maybe the shoe fits)
Either that or you just plenty gay (If you're like me)
You don't give a damn you're just enjoyin the flow
To all the people who were offended
