As I write this down
You are lost and I am found
As you swallow the truth
It will be the death of you
Now go to sleep and I will follow

To hold out and watch you die alone
Is too much now but fall out
Follow where we go
And hunt us down Oh My God
Look at what we've done

It's gone now
And everyone's found out
Everything's broken
And this is who we are now

As we both die
I'm taking your life tonight
Tonight

The darkness traps me in this dream
If waking up to the hardest
Part is to believe
We can't go back Oh My God
Look at what we've lost

It's gone now
And everyone's found out
Everything's broken
And this is who we are now

As we both die
I'm taking your life

Fall away, fall asleep
'Til it's only you and me
We dream of where we used to be
Before our eyes saw we have seen

We'll fall away, fall asleep

'Til it's only you and me
Dream of where we used to be
Before our eyes saw we have seen

As I write this down
You are lost and I am

Gone now
And everyone's found out
Everything's broken
And this is who we are now

As we both die
As we both die
I'm taking your life
Tonight
