Tonight
We settle this tonight
For every single minute that we linger
Will burn me to your side
Your side

Believe
That every drop you bleed
Could never ever satiate the hunger
That eats away at me

So release me
Release me, Yeah-Yeah
Just leave me
Outside

The lie
I've stretched and opened wide
Has thrown me to this
Ever constant darkness (darkness)
To keep secrets I can't hide

So release me
Release me, Yeah-Yeah
Just leave me
Outside

What is gone, can never change
And all your words just make this harder
I'm a faithless martyr, who has

Lost so much along the way
These bloody hands cannot escape this
But I cannot take this, anymore

Release me
Release me, Yeah-Yeah
Just leave me
Outside

Release me

Release me
Just leave me
