Shadow days come to haunt me here  
To wrap around me  
Dark and cold to hide the sunlight from my eyes

I can not see beyond these clouds surrounding  
I will not forget that this is not the end

Under my skin  
Under these scars  
Take me again  
Tear me apart  
Cause I wanna see  
Everything you are  
Til all that's left  
Is not myself

This is life every second here  
Gripping tighter  
Empty praise to all the things I fear inside

But I know that you will rise up from these ashes  
Tomorrow will be the light that guides me

Under my skin  
Under these scars  
Take me again  
Tear me apart  
Cause I wanna see  
Everything you are  
Til all that's left  
Is not myself

Take away everything  
Burn away all of me  
As I break I believe  
You will come to rescue

Under my skin  
Under these scars  
Take me again  
Tear me apart  
Cause I wanna see

Everything you are  
Til all that's left  
Is not myself

Under my skin  
Under these scars  
Take me again  
Tear me apart  
Cause I wanna see  
Everything you are  
Til all that's left  
Is not myself

Take away everything  
Burn away all of me  
As I break I believe  
You will come to rescue

You will come to rescue...
