Are you tired of the people who play with beetles?  
Are you supposed to be god to make everything odd?

An obstacle to freedom  
The final stage of wisdom  
Following the same line  
For the rest of your life

Let live  
Freely  
Let live  
Freely

Have you felt the oppression?  
It's killing all your actions  
It doesn't let you breathe  
It doesn't let you live

Are you part of the flow?  
Are you part of the flaw?  
Are you part of the glow?  
Are you just a crow?

Let live  
Freely  
Let live  
Freely  
Let live, live

Let's live freely  
Let's live freely  
Let's live freely  
Let's live freely
