"Move On"

Visit "[Move On](#)" on MotoLyrics.com

Don't think about
All the things you could have done
Don't worry about
All the things that are gone

You got to move on
You got to carry on
You got to go on

Don't look behind
Cause you could go out of your mind
Don't waste your time
Cause you won't live another life

You got to move on
You got to carry on
You got to go on

You got to move on
You got to carry on
You got to go on

You got to move on
You got to carry on
You got to go on

You got to move on
You got to carry on
You got to go on
