When I look at you I wonder
As you lie sleeping in my bed
We've been through so much together
There's still so much left unsaid
Have I told you that I need you
And don't you know how much I care
That my life would have no meaning
If you weren't there

'Cause every time I think of losing you I cry
It's killing me inside
I don't wanna go on without you
Cause every time I think of losing you I die
A little bit inside
Every time I think of losing you I cry

I can feel you deep inside me
Bringin' sweet love to my heart
And to lose these magic moments
Don't you know it's tearin' me apart

'Cause every time I think of losing you I cry
It's killing me inside
I don't wanna go on without you
'Cause every time I think of losing you I die
A little bit inside
Every time I think of losing you I cry

Still trying to find a reason
Though I don't know what to say
From the moment that I fell for you
I've never been the same
And now that we've come so far
I gotta be where you are
It doesn't matter who's to blame

Every time I think of losing you I cry
It's killing me inside
I don't wanna go on without you
Cause every time I think of losing you I die
A little bit inside

Every time I think of losing you...
I cry

Ohh, it's killing me inside...
