Any fool can see that love is blind
And here I am to prove it one more time
Forget about my pride
I didn't mean to catch you by surprise
And I hope that isn't pity in your eyes
I've tried so hard to stay away
And keep you off my mind
I know I should,
But it's no good...
'Cause time goes by and I'm not...

Over you
I'd gladly be a fool, and love again...
If there's a chance of you mind see me
Touch me, want me, ever need me
I'm still going crazy...
Over you...
And now I'm never getting over you...

One more cup of coffee, then I'll go...
But there's just one thing
I thought you ought to know ...
The days go by, but nothing's changed
I'm still here, for the taking
And just in touch, we mean so much
To one whose heart is breaking...

Over you
I'd gladly be a fool, and love again...
If there's a chance of you mind see me
Touch me, want me, ever need me...
I'm still going crazy...
Over you

I know I'm never getting over you...

Over you
I'd gladly be a fool, and love again...
I know I'm never getting
Over you...
