Now springes the spray  
All for love I am so seek  
That slepen I ne may

Als I me rode this endre day  
O' my pleyinge  
Seih I whar a litel may  
Began to singe  
"The clot him clinge!  
Way as him I' love-longinge  
Shall libben ay!"

Son I herde that mirye note  
Thider I drogh I fonde hire  
In an herber swot  
Under a bogh  
With joye enough  
Son I asked, "Thou mirue may  
Why singes tou ay?"

Than answerde that maiden swote  
Midde wordes fewe  
"My lemman me haves bihot  
Of love trewe  
He changes anewe  
Yiif I may, it shall him rewe  
By this day!"
