didn't realize when it all began  
didn't take to time  
to  
visualize  
he was feeling a little hypnotized  
didn't  
think he would have to pay the price

he can't run away  
he can't leave it all behind  
he's  
gotta stay with the things  
the things he cannot  
change  
he can't run away  
it's too late to change his mind  
we  
have to stay with the things  
the things we cannot  
change,  
things we cannot change

she only wanted some love, only wanted to try  
wouldn't  
hurt her to want, to make it smile  
she only thought  
it  
would last, a little while  
now she's going to regret it  
for a lie

she can't run away  
she can't leave it all behind  
it  
may be easier with time to rearrange  
she can't run  
away  
it's too late to change her mind  
she's  
gotta stay  
with the things  
the things that cannot change,  
things  
we cannot change

we can't run away  
we can't leave it all behind  
we've  
gotta stay with the things  
the things that cannot  
change  
we can't run away  
it's too late to  
change our  
mind  
we have to stay with the things  
the things  
we  
cannot change, things we cannot change  
we've got  
to leave

them alone, we've got to leave them â€¢ change,  
change,  
change, change, change
