Yeah uh, this is Dallas
Yaaaa-aaaay uh, du-du-du-du
Du-du-du-du-du-du, we got Trae and
We've been hustling, for a long

[Hook: Dallas]

I've been hustling, in this life of mine
Some of y'all, got a clue
See I've been grinding, in these streets
And I, finally got my break through
Mama told me, it's gon be iight
Lord if I, trust you
So I'm gon keep my eyes, on the final prize
See I got, my break through

[Trae]

I'm on a mission trying to get it, full time and I don't
plan on losing damn
Why they don't wanna let me live, my life the way that
I'm choosing to
Everyday it's a struggle mayn, went from sunlight to
heavy rain
Everybody got some'ing to say, about me and mine but
they don't feel my pain
Constantly, everybody wanna say what they've done
for me
But I don't recall, y'all doing shit for me
I work hard one deep, all day all night and never no
sleep
Only help that I got is God, all my family turning fraud
Only thing I got left for me is my son, since my life
done got scarred
Mama told me niggaz phony, get your change and be
by your lonely
I never knew why until this day, still don't but the Lord'll
show me
Inside this life of mine, I always knew it would be my
time
So I've been hustling everyday, be on the grind for
mine

[Hook]

[Dallas]

Some hit the spot, some the block
Some of y'all, don't know what to do
Some get your glock, off your rocks
Just trying to make it through
But me I hustle on my music, I know how to use it
Do it to the best (beeest)
And me I'm all about my paper, me I gotta make it
Gotta make it last
I got to get my do', I got to get some mo'
Go to stay on my grind, I got to get mine

[Hook]

[Trae]

Ain't no telling when I'ma get my rest, with the stress
that I'm facing daily
My people really trying to play me, but I'm real and they
can not fade me
Time after time, and I'm breathing never leaving my
time to blow is now
And who gon stop me on my move, and never let the
block be out
Lose it it'll be my day, one day cause I've been patiently
waiting
For everything I deserve, that's why they be hating
Like they don't wanna see me shine, they'd rather see
my head pointed down
But I'm still gon do my thang, I got the chance and I'ma
hold it down
I'm back for the first time, and I'm steady standing
And I went from bad to doing worse, but still I feel
abandoned
That's why I'm next to gain the throne, and I'm bringing
it home
Cause I've been hustling all my life, and I did it alone

[Hook]
