Will you ride with me

I can see it in your eyes

will you roll with me

roll with me roll with me

ride with me roll with me

you can be mine

I can see it in yours eyes

that you want to

ride with me roll with me

until the sun rises

I know where you've been trying to hide from me

it took some time for me to clearly see

that you've been wanting everything I do

this is the chance maybe you can ride with me

ride with me roll with me

you can be mine

I can see it in your eyes that you want to

ride with me roll with me

until the sun rises

Will you ride with me roll with me

you can be mine

I can see it in your eyes that you want to
ride with me roll with me
until the sun rises
you know exactly what I see in you
and I know baby what you want me to
just come outside and we can go
to places you've never loved before
ride with me roll with me
you can be mine

I can see it in your eyes that you want to
ride with me roll with me
until the sun rises
Will you ride with me roll with me
you can be mine

I can see it in your eyes you want to
ride with me roll with me
until the sun rises
