Been thinking 'bout the choices I make  
Do I listen to Your voice, Lord, or go my own way  
Will have more excuses today?  
Or will I give You my life so You'll

Use me and through me Your name will be blessed  
I wanna give it, live it for You and nothing less  
Don't wanna hide, I've decided to give You my best  
To make me fearless

I wanna show the world who You are  
I'm following Your footsteps, no matter how far  
This is the prayer of my heart  
So, now I give You my life so You'll

Use me and through me Your name will be blessed  
I wanna give it, live it for You and nothing less  
Don't wanna hide, I've decided to give You my best  
To make me fearless, fearless

I am not ashamed  
I am not afraid  
Fearless I've been made  
I'll never be the same

So, use me and through me Your name will be blessed  
I wanna give it, live it for You and nothing less  
Don't wanna hide, I've decided to give You my best  
To make me fearless

So, use me and through me Your name will be blessed  
I wanna give it, live it for You and nothing less  
Don't wanna hide, I've decided to give You my best  
To make me fearless, fearless, fearless
