Hold on you got the wrong guy
And I'm wondering why you don't seem to see
The job at hand needs a better man
But for some crazy reason you're calling me
Overwhelmed and under prepared
It's written on my face I'm scared
Then I hear you call out to me.

You don't have to be good enough
This love is for free and it's more than enough
I'll be your strength in all you say and all you do
My Love will make you
Good enough

You don't have to be capable

Just be available to follow where I lead
Whatever, whenever, wherever oh you'll
Never believe all the things you can do through me
So when this big world makes you feel small
Hold your head up high and walk tall
Cause this is where the good news begins

Blessed are the poor they will inherit the earth
And the weak they will find their true worth
He said come all you weary come get closer to me

You don't have to be good enough
