Verse 1

I don't want tragedy to be the only
Thing that leads me to your throne
With every moment of my life
With pain or joy I will cry
You are God alone
You've given me the choice to kneel or walk away
I've struggled with surrender long enough to say

Chorus

I choose now
To be humbled in your presence
I choose now
To fall on my face
Cause one day
Every knee will bow but Jesus
I choose now.

Verse 2

I have the scars I can't deny from
Thoughtless words and foolish times
But you still forgave
I wondered down a thousand roads
Lost my way but you led me home
Where I was safe
I know heaven is a gift of your grace
But until I see your face
I choose now
To be humbled in your presence
I choose now
To fall on my face
Cause one day
Every knee will bow but Jesus
I choose

Bridge

To glorify your name
That's why I was made
To worship and obey
I won't wait

I choose now

To be humbled in your presence
I choose now
To fall on my face
Cause one day
Every knee will bow but Jesus
I choose now.

I choose now
To be humble in Your presence
I choose now
To fall on my face
Cause one day
Every knee will bow but Jesus
I choose now

Jesus I choose now.
