It's just like you to take the harder road  
To make our house a home  
To make sure I never felt alone  
It's just like you to see the best in me  
To make me believe that I could do anything  
And you never let a day go by  
Without taking the time  
To show me how much you loved me

Thank you, thank you for the very best you had  
For always understanding  
Thank you not just for what you said  
But it's the way you lived that makes me want to be  
Just like you

It's just like you to fall down on your knees  
Crying father won't you please  
Take my little boy and make him so much more  
Than I could ever be  
Won't you teach him to look to you for all you'll ever  
need  
And be just like you, just like you

Chorus

All I desire  
Is to follow in your footsteps for the rest of my life  
So one day when I have a son of my own  
I pray that he will see in me all I see in you  
And I'll hear him say

Chorus
