When I bust this shit,
you better take notice and quit.
I'm tired of all these stupid fuckers
I'm tired of em tryin to make me behave
when pussy and drugs is all I crave.
My dream is to see you dieing in a grave
Cause I gave you a close shave,
Wit my 12 inch razor blade.
Bitch, Youre not my fav.
But you will be if you give me head.
Just lie on the ground and act like you dead.
and I'll make my dick its own bed.
In the hole thats in yo head.
Then I'll ride you like a sled
next, its to the shed.
Where I'm gonna fill ya wit hot lead.
Now you think ya can forgive me.
Shit, you dont even want to
Cause I'll fuck you over wit my army
Yeah, mutha fucka, you cant harm me!
I'll stab ya in yo eye so you cant see.
and tie your dick in a knot so you cant pee.
So let me hear what you think bout me.

Yeah! You dont want to fuck wit me, cause I'm rollin on
extacy.
and I'll kill you and not think twice and drain yo blood
till you white as rice.
Hell no, cant play nice.

This old friend walked up to me and asked for a light.
I told him you just found a fight.
His hand drew tight.
But he fucked up cause its night.
and he aint got no sight
I pulled my blade
and cut him just a shade
he ran off screaming fuck you! I'm going to get laid.
Not before I get paid, Motha Fucka!!
So I shot his ass
he fell on the grass

Then I dumped him in
a bin that was full of broken glass.
Yeah! Now whos going to get that piece of ass!
Next day, cops swarming my house
But they couldnt find me, cause I was hidin like a
mouse
Thats when I said fuck this shit
I jumped out flipping the birds
and screaming dirty words
They came at me in heards
I jumped in my benz
In my regards I'll send.

(ChorusX2)

Yeah! You dont want to fuck wit me, cause I'm rollin on
extacy.
And I'll kill you and not think twice and drain yo blood
till you white as rice.
Hell no, cant play nice.

So when you see me haulin ass down tha highway
you better get out my way,
Cause its my day.
And Im gonna go fuck dis bitch named Shea.
In the motel six
Where she gonna be suckin dicks
and givin me those love licks.
Yeah this bitch is one freaky ass hoe
But she told me not to call her no mo.
so I busted down her door
and said bitch you gonna give me some more
you fucking whore.
But she refused
So I had to resort to beating her till she was bruised
now bitch, do you chose to refuse!
Cause I already told you!!

Yeah! You dont want to fuck wit me, cause I'm rollin on
extacy.
And I'll kill you and not think twice and drain yo blood
till you white as rice.
Hell no you Motha Fuckers!!! I Cant Play Nice
