Shoulda got up, shoulda clocked in,
But took you another long weekend.
You called in sick again and went fishin' instead

Got a cane pole, and an igloo
Caught a buzz kicked back on your pontoon.
You looked up and it ain't even noon yet.

You can't drink all day, lay around hangin out in the
shade.
Actin' like you got it made, just gettin' right, ain't got no
worries.
You can't sit there feelin' good while the whole world's
out there
Doin' what they should do, goin' fast while you're
slowin down in a hurry.
You can't drink all day
If you don't start early.

You shoulda called her, you shoulda checked in.
But you knew what she'd do if you did
One slurred word no matter how innocent.
She'd start in with the where you been's.
You can't drink all day, lay around hangin out in the
shade.
Actin' like you got it made, just gettin' right, ain't got no
worries.
You can't sit there feelin' good while the whole world's
out there
Doin' what they should do, goin' fast while you're
slowin down in a hurry.
You can't drink all day
If you don't start early.

You can't drink all day, layin' around hangin out in the
shade.
Actin' like you got it made, just gettin' right, ain't got no
worries.
You can't sit there feelin' good while the whole world's
out there
Doin' what they should do, goin' fast while you're
slowin down in a hurry.

You can't drink all day,
You can't drink all day,
You can't drink all day,
If you don't start early.
