She said I'm gonna get my MBA  
A corner office and a 401K  
A beach house and a BMW  
A BMW

Right after that I'm gonna fall in love  
I'll get married join the country club  
Well, that's my next five years now how 'bout you?  
Well darlin', I hadn't really thought about it that much

But in my next 5 beers  
I'll probably still be sittin' right here  
Workin' on my goal, drink 'em while their cold  
Livin' life by [Incomprehensible]

I won't be reaching for the stars  
But I'll be reaching across this bar  
To put a long neck in my hand  
That's my master plan for my next 5 beers

She kinda smiled and laughed at me  
Said, "How you ever gonna get where you wanna be"  
I said, "Well, darlin', tonight I'm half way there  
Or on my way"

And you could throw a little sunshine on this parade  
How long's it been since you've been saved  
By a reckless boy like me  
With only one care and my next 5 beers

I wanna see you let down your hair  
Spend a little time with me  
Tonight my jokes are free  
So grab yourself a chair

I won't be reaching for the stars  
But I'll be reaching across this bar  
To put a long neck in my hand  
That's my master plan for my next 5 beers

I work as hard as anyone  
Every week until the job gets done

But when the weekend rolls around  
I like to party loud and have a little fun

So while you're reaching for the stars  
I'll be reachin' across this bar  
To put a long neck in my hand  
That's my master plan for my next 5 beers

To put a long neck in my hand, yeah  
That's my master plan for my next 5 beers
