Lately I have been working overtime.  
You've been taking a class at nine,  
Even though we've got bill still left to pay,  
I think we should just slip away.

I can see you in the sun,  
Sippin on that Coke and Rum.  
Come on, Girl lets take a ride!  
Rolling through the sunshine  
You right here by my side  
Wind Surfin in the Wind  
On a wave that never ends  
Ain't no chance of rain,  
Just good times on the way  
Tom Petty on the Radio  
Free Ballin as we go  
We can leave it all behind  
Go rolling through the sunshine

Grab you sunglasses,  
I'll grab my guitar  
Nearest beach can't be that far  
Say goodbye to your stress and your cell phones  
We can put the whole world on hold  
I can see you in the sun  
Sippin on that Coke and Rum.  
Come on, Girl lets take a ride!  
Rolling through the sunshine  
You right here by my side  
Wind Surfin in the Wind  
On a wave that never ends  
Ain't no chance of rain,  
Just good times on the way  
Tom Petty on the Radio  
Free Ballin as we go  
We can leave it all behind  
Go rolling through the sunshine

I can see you in the sun  
Sippin on that Coke and Rum.  
Come on, Girl lets take a ride!  
Rolling through the sunshine

You right here by my side  
Wind Surfin in the Wind  
On a wave that never ends  
Ain't no chance of rain,  
Just good times on the way  
Tom Petty on the Radio  
Free Ballin as we go  
We can leave it all behind  
Go rolling through the sunshine
