"Without You"

Visit "[Without You](#)" on MotoLyrics.com

I know I felt it, I thought you felt it too

Wouldn't want to be the only one around who, never
know

But when I held you, did you feel the same

Or did you only want me around to, help you through
this pain

Moving on without you

Is there nothing that I can do

To bring you back

Will you make me cry, will you tell me why

Will you melt my heart and burn my mind

When you say goodbye

If I told you how I feel today

I wouldn't want to be the only one around who made
you stay

Let me ask you, do you feel the same

'Cause if I'm only living through you, maybe I'm the one
to blame
