I break, I see a different side of me
Take back 'cos you know that I've changed
See you, another possibility
Why wait when you know what I'll say

Why'd you look like I do?
What 'you want from me?
Why'd you think like I do?
I knew the change inside me

I can't stand this
So Bring it on, Bring it on!
I can't stand this

Decide, what you really know of me
I'd set it off but I'm taking my time
Something, another possibility
Lets go but I keep on thinking how I.

I can't stand this
So Bring it on, Bring it on!
I can't stand this
So Bring it on, Bring it on!
Bring it on, Bring it on!
Bring it on, Bring it on!

Yeah!
I can't stand this
Why'd you look like I do?
What 'you want from me?
Why'd you think like I do?
What 'you want from me
Now Bring it on, Bring it on
Now Bring it on, Bring it on
Now Bring it on, Bring it on

KAME-HAME-HA!!!!!!!!!!!!!!
