Why'd you wake me from my conscience?
Wait for me while I expire
Open eyed into our first time
I watch you.
Cut me out, once I asked the question
Cut me out, once I asked you
Cut me out.

How do I have to live so I can please you?
How do I have to live?
You made me to break me
How do I have to live so I can please you?
How do I
Have to live?

We will fall in circles while we
Close our eyes to disappear
Once again I'm your obsession
I watch you
Cut me out, once I asked the question
Cut me out, once I asked you
Cut me out.

How do I have to live so I can please you?
How do I have to live?
You made me to break me
How do I have to live so I can please you?
How do I
Have to live?

Cut me out
Cut me OUT!

How do I have to live so I can please you?
How do I have to live?
You made me to break me
How do I have to live so I can please you?
How do I
Have to live?
So I can please you
How do I have to live?

So I can please you
How do I, how do I have to live.
