Whoa  
I'm here for now  
What you want from me, is not worth asking  
Breathing somehow  
Gets harder now you're leaving

This is what I came for  
But I'm sorry now, I'm sorry now  
This is what I stayed for  
But I'm sorry now, I'm sorry now

I'll wait for you  
But you fall from me, when I'm dreaming  
Lost inside truth  
When you call for me, I'll be leaving. I'll be leaving  
Whoa

This is what I came for  
But I'm sorry now, I'm sorry now  
This is what I'm made for  
I'm sorry, I'm sorry now  
I won't ever be  
Distant memory  
All the time we spent  
This will never end  
You are where I belong  
What you ask of me  
I will always be  
I will promise too  
Always wait for you  
I'm here for now  
On my own  
On my own  
On my own.....

I'm here for now  
On my own  
On my own

This is what I came for  
But I'm sorry now, I'm sorry now

This is what I stayed for  
But I'm sorry now, I'm sorry now

This is what I came for  
But I'm sorry now, I'm sorry now
