"Under"

Visit "[Under](#)" on MotoLyrics.com

I remember the time, when all thoughts of you slept in
my mind.

Still searching for a reason to be satisfied

I can't swallow the "Two divide two".

I LOVE YOU when you hate me, and I

HATE YOU when you're falling behind, but I

WANT YOU don't forsake me.

Don't rely on yourself, you'll fall too far between if you

Try.

She takes our chances, should I apologise?

Deceived when I tried, so I lied

You can't understand because you only think of
yourself

Now we're going Under

If I could I would throw it away

Something shows me how

We're going Under

But you only think of yourself.

Now all the answers I hide, take my promises so deep
down inside

Confusing, but my feeling will still clarify when desire's
controlling me beside you.

I LOVE YOU when you hate me, and I

HATE YOU when you're falling behind, if I

KILL YOU, don't forsake me

So decide for yourself how far you'll go between if we

Try take our chances, then I'll apologise

Believed when I cried, so I lied

You can't understand because you only think of
yourself

Now we're going Under

If I could I would throw it away

Something shows me how

We're going Under

But you only think of yourself.

Someone show me how, someone show me how.
You can't understand because you only think of
yourself
Now we're going Under
If I could I would throw it away
Something shows me how
We're going Under
But you only think of yourself.YOURSELF!
