Time standing all alone  
I bled for you  
I wanted to  
Each drop my own

Slowly they depart  
But fall in vain  
Like desert rain  
And still they fall on and on and on

Got to get back to a reason  
Got to get back to a reason I once knew  
And this late in the seasons  
One by one distractions fade from view

So drifting through the dark  
The sympathy  
Of night's mercy  
Inside my heart

Is your life the same?  
Do ghosts cry tears?  
Do they feel years?  
As time just goes on and on and on

Got to get back to a reason  
Got to get back to a reason I once knew  
And this late in the seasons  
One by one distractions fade from view

I'm looking for you  
I'm looking for I don't know what  
I can't see there anymore  
And all my time's been taken

Is this what it seems?  
Allure of a dream  
And I'm afraid to walk back through that door  
To find that I've awakened

The night seems to care  
The dreams in the air

The snow's coming down  
It beckons me dare

It whispers, it hopes  
It holds and confides  
And offers a bridge  
Across these divides

The parts of my life  
I've tried to forget  
It's gathered each piece  
And carefully kept

Somewhere in the dark  
Beyond all the cold  
There is a child that's part of my soul  
That's part of my soul

Got to get back to a reason  
Got to get back to a reason I once knew  
And this late in the seasons  
One by one distractions fade from view  
The only reason I have left is you
