I would die without you
At least that's what you said
In my head
I've been making dynamite
In my garden shed
In my head
Come out my head....
"Hi, it's me. Are you there? Pick up. Come on. Look, I've
got loads of your stuff
around the house still. Are you gonna come and pick it
up? I just don't want to see
it anymore. Fuck you then."

Elvis lives in my room
Tied up to my bed
Love me til I'm tender in my (laughs) head
Come out my head....
"Hi, it's me again. I'm really sorry about that last call. I
just....I don't know
what to say at the moment. I just....um....I really miss
you. It just....come out
my head."
