I know, you know, we know
I'm pulling on myself a third time
It's absurd
Get up and go to work
Lately, medicated
Sleep got an overrated
Four star, nominated
I'm perforated with confession
Obsession, submission
Popping prescriptions, in the kitchen
Hello, I'm in here, just let yourself in

Everything that you want
Well, i'ts never enough,
When it all comes down
Everything that you want
Well, i'ts never enough
When it all comes down
Down, down

I stutter, I cough, I flutter
This place is in a clutter
Standing ovation in the back
I'm held for ransom feeling stupid
Pathetic, underweight, filled up,
With diuretic bombshell,
Hand grenades,
Make all the same mistakes
This earthquake weather,
Has got me shaken inside
I'm high up and dry

Everything that you want
Well, i'ts never enough,
When it all comes down
Everything that you want
Well, i'ts never enough
When it all comes

Confess to me
Everything that's in between

Confess to me
Everything that's in between

Pornographic, prophylactic,
Reactions so sporadic, erotic, exotic
When did making love get so
Robotic, hypnotic, psychotic,
Three hundred dollars
Buys a three minute serenade
Inside the candy jar
Finding yourself a hobby
Drugs in a hotel lobby
Stereophonic, ironic
This conversation's gone

Everything that you want
Well, it's never enough,
When it all comes down
Everything that you want
Well, it's never enough
When it all comes

(Confess to me)
Swaying your hips to the vynal
While your hair is braided
Post dated, agitated, masticated,
(Confess to me)
Aggravated post cards, throwing darts,
Sidekicks, and supermarts,
Breakdance, Lapdance,
(When it all comes down)
I just want another chance
