[Music: Juan Partida
Lyrics: Lorenzo Partida]

Fog and desolation
I walk Towards eternity
Under a sky without stars
You will... drive me

You... my guide and teacher
For you it leads to evilness
Where the blood has fingers
And the fire spills ashes

This world is for me
Where no one expects the peace
I don't know the earth
I travel 'cause I'm sad and damned
An injured wind shows me
Your silhouette clouded of rotten dust
Await my soul in death
Hymn for him
For him
Journey to obscurity
Hymn for him
For him
Journey to obscurity

Corrosive is your black dagger
Life kneels dishonored
Dead eyes in ignorance
Bloody heart of misfortune

The silence has the smell of dying
No destiny my funeral journey
The crack is of a obscure fury
To fall into broken water
Hymn for him
For him
Journey to obscurity
Hymn for him
For him

Journey to obscurity

Gnawed by the seconds
Soaked by the disgrace
Sailing in uncertainty
You'll show me eternity

Hymn for him
For him
